Dear Retail Brokers Network:

I am writing on behalf of Aio Wireless in regards to our relationship with Jack Liberty. I have the pleasure of working directly with Mr. Liberty as Head of Real Estate & National Distribution for Aio, and was introduced to him based on the positive feedback we received from our Florida AT&T Leadership team. I am sure you are well aware of the fast-paced and constantly changing environment that the telecommunications industry (namely the wireless segment) entails, and the impact it has on the markets nationally. Competition is fierce out there, but we have been able to open up (16) markets and over (330) stores across multiple states in under six months under direct responsibility of Jack Liberty. I will be the first to tell you, I could not do this by myself – nor do I have the vast experience in the Corporate Real Estate industry that Mr. Liberty brings to the table for us.

We often joke that Jack should be on the Aio payroll as I know he works tireless hours to help us scale our business to where it is today, and where we plan to be in the very near future. His incredible adaptability with our dealer partners is unmatched, and it comes natural to him. His uncanny ability to know what the client wants before they tell him makes our dealers feel comfortable with him. We look forward to our continued partnership with Jack Liberty and the Retail Brokers Network nationwide!

Very Respectfully,
